Degree and Professional Education Opportunities for Federal Acquisition

ASMC & Norwich University

Education Partnership

How does this partnership help ASMC members?

Structured to help ASMC members achieve their goals in certification, advanced degrees, and career enhancement.

The future of the federal financial management landscape will rely on professionals attaining the relevant knowledge to plan and adapt to an ever-changing field.

- ASMC Members receive a \$3,000 scholarship toward a master's degree.
- CDFM holders earn 6-credits toward the Master of Arts in Public Administration program.

Additional Norwich partnerships with DAU, NIGP, and AGA support the career goals of ASMC members.

- ✓ Enhance your professional competency with courses and degrees focused on experiential learning.
- ✓ Apply critical thinking, ethical decision-making and leadership throughout your program.
- ✓ Learn from teacher-practitioners who have broad industry experience.
- ✓ Incorporate work and life experiences into the classroom to enhance learning objectives.
- ✓ Access an alumni network with ties to private, public and governmental organizations.

What is it like to be at Norwich University as an Online Student?

Degree and Professional Education Opportunities for Federal Acquisition ASMC & Norwich University

Master of Public Administration

Develop leadership skills based on core public administration values.

Whether you are experienced or new to public service leadership, this program can help you understand best practices in reporting, appropriations, sourcing, and fiduciary responsibility.

Fiscal Management Concentration

These in-depth courses explore the legal and regulatory foundation of financial reporting and accountability for public organizations.

Procurement & Contract Management Concentration

Learn to craft a request for proposal (RFP) and manage and negotiate contracts. Planning, ethics, and legal implications of establishing contracts between public and private parties are woven throughout the curriculum.

Bachelor of Science in Management Studies

Being a good manager requires more than just a will to lead.

Helping working adults prepare for mid- to high-level management positions, this program emphasizes communication skills, fluency with technology, and understanding an organization's financial and strategic underpinnings. The coursework can help students gain knowledge that is integral to being a successful manager.

Procurement & Contract Management Concentration

Delve into public sector contract management and procurement in this four-course concentration. Courses will focus on leadership and procurement challenges in the modern workplace.

Continuing and Professional Education

Online certificate programs with Norwich Pro

Norwich Pro offers online professional development courses that are convenient and affordable to meet your educational needs. Perfect for working professionals, current and former military personnel, or anyone looking for a career change.

Choose Your Professional Path

Norwich Pro offers a comprehensive portfolio of online programs in high-demand fields. Certificate offerings include Project Management, Military History, Public Works Institute, Corporate Compliance and Investigations, Supply Chain Management and Procurement, Leadership, and Strategic Communications.
